

## **THNIC Launching “.th” Second-Level Domain Registration for 2024**

The Thai Network Information Center Foundation (THNIC Foundation) will be holding “.th” Second-Level Domain, or SLD registration, for three rounds in 2024 on the following dates:

- Round 1: 1 February – 31 March 2024
- Round 2: 3 June – 31 July 2024
- Round 3: 1 October – 30 November 2024

2024 will be the tenth year of SLD.th domain name registration organized by the THNIC Foundation which has now registered 269 SLD.th domains, particularly for businesses interested in registering domain names based on their trademark or organization’s name, followed by educational institutions, government agencies and non-government organizations respectively.

All SLD.th registration fees are contributed via the THNIC Foundation to support the Thai Internet Infrastructure Development and initiatives related to human resource development through capacity building activities.

To make registration as easy and efficient as possible, the THNIC Foundation has authorized T.H.NIC Co., Ltd., to serve as the official registrar responsible for .th domain name registration. However, as previously explained, the SLD.th registration fee will be donated directly to the THNIC Foundation.

Anyone interested in registering an easy to remember and access or verifiable domain can find further details and guidelines at <https://thnic.co.th/sld> or can make inquiries via email: [sld@thnic.co.th](mailto:sld@thnic.co.th) or phone: (66) 2105 4007.

### **About Thai Network Information Center Foundation**

The Thai Network Information Center (THNIC) Foundation is a non-profit organization established in 2007. Its major mission is to promote Internet usage and domain name registration as well as manage the Country Code Top Level Domain Name of .th and .ไทย (dot Thai) database. In addition, the Foundation works to promote research and development concerning Thai internet infrastructure to bridge digital gaps and increase the number of qualified Internet personnel, who are essential for the advancement of the Thai digital economy.
